

If your furnace needs calibrating, or troubleshooting we'll pull our metrology truck up to your door stocked with thermocouples, meters, cables and the Nadcap-trained personnel to go along with it. Our engineers are fluent in all the major standards such as:

SAE/AMS 2750D

BAC 5621K

NFPA 70, 79, 86.

If a customer requires a different specification to be met, our personnel will go through the proper training to achieve that certification.

We at ACES understand the language of temperature gradients, thermal processes and how heat flows. We can see what's going on in the process and say:

“Here's the problem, this is what is going on, now let's get it fixed.”

American Control & Engineering Service

14433 SW 150th
Rose Hill, KS 67133

Phone: 316-776-7500 extension 100

Fax: 316-776-7502

**American
Control &
Engineering
Service**

Your Experts In:

- *Heat Treat*
- *Composite Curing*
- *Metrology*
- *Pyrometric Calibration*
- *Calibration to Manufacturer's Specifications*

Telephone: 316-776-7500

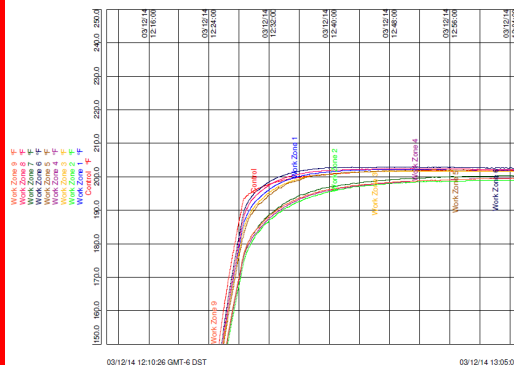

Email: office@theacesinc.com

Website: www.theacesinc.com

Supported Equipment

ACES troubleshoots and calibrates the following:

- RTD probes
- Thermocouples
- Vacuum Transducers
- Oven/ Furnace/ Autoclave Surveys
- Chart Recorders
- Strip Recorders
- Data Loggers
- Temperature Controllers
- Temperature Indicators
- Composite Ovens

Metrology Service

For over 10 years American Control and Engineering has provided metrology testing around the Wichita Metro area.

- Trained to meet SAE AMS 2750 standards
- Familiar with NADCAP, and aerospace industry standards
- Flexible to meet any national or internal standards
- TUS and SAT Testing
- Instrument Calibration
- Expertise to troubleshoot and solve problems
- Should the TUS fail we can fix the problem and survey without having to schedule a time to come back.
- Provide scheduled safety checks on equipment
- Regular testing schedules can be set up for maintenance
- Detailed signed Certificates of Acceptance

Sample of Our Valued Customers

- Aerospace Technologies Group
- Ametek
- APEX Engineering
- Beechcraft
- Boeing
- Cessna
- Coleman
- DJ Engineering
- Fiber Dynamics
- Lee Aerospace
- Spincraft
- Spirit Aerosystems
